New to R2 Series with the new R2-A, the camera now supports 4K Ultra HD resolution and provides the most accurate colors
and images. R2-A delivers a picture that is 100 percent in-the-moment. It's the first and only camera from Canon to offer a 4K-
compatible picture and video for the R2-A, and now there's no end to the excitement with Canon has expanded its commitment
to 4K as a new dimension of video continues to emerge. 4K now also makes perfect sense for film with advanced technology
and the latest in sensor technology and image quality that makes 4K the most exciting and impressive video format.. 32 GB
